CITY OF DENTON INSURANCE REQUIREMENTS FOR CONTRACTORS

Bidder's attention is directed to the insurance requirements below. It is highly recommended that bidders confer with their respective insurance carriers or brokers to determine in advance of Bid submission the availability of insurance certificates and endorsements as prescribed and provided herein. If an apparent low bidder fails to comply strictly with the insurance requirements, that bidder may be disqualified from award of the contract. Upon bid award, all insurance requirements shall become contractual obligations, which the successful bidder shall have a duty to maintain throughout the course of this contract.

STANDARD PROVISIONS:

Without limiting any of the other obligations or liabilities of the Contractor, the Contractor shall provide and maintain until the contracted work has been completed and accepted by the City of Denton, Owner, the minimum insurance coverage as indicated hereinafter.

As soon as practicable after notification of bid award, Contractor shall file with the Purchasing Department satisfactory certificates of insurance, containing the bid number and title of the project. Contractor may, upon written request to the Purchasing Department, ask for clarification of any insurance requirements at any time; however, Contractors are strongly advised to make such requests prior to bid opening, since the insurance requirements may not be modified or waived after bid opening unless a written exception has been submitted with the bid. Contractor shall not commence any work or deliver any material until he or she receives notification that the contract has been accepted, approved, and signed by the City of Denton.

All insurance policies proposed or obtained in satisfaction of these requirements shall comply with the following general specifications, and shall be maintained in compliance with these general specifications throughout the duration of the Contract, or longer, if so noted:

- Each policy shall be issued by a company authorized to do business in the State of Texas with an A.M. Best Company rating of at least **A-VII or better**.
- Any deductibles or self-insured retentions shall be declared in the bid proposal. If
 requested by the City, the insurer shall reduce or eliminate such deductibles or
 self-insured retentions with respect to the City, its officials, agents, employees and
 volunteers; or, the contractor shall procure a bond guaranteeing payment of losses and
 related investigations, claim administration and defense expenses.
- Liability policies shall be endorsed to provide the following:
 - Name as additional insured the City of Denton, its Officials, Agents, Employees and volunteers.
 - That such insurance is primary to any other insurance available to the additional insured with respect to claims covered under the policy and that this insurance applies separately to each insured against whom claim is made or

suit is brought. The inclusion of more than one insured shall not operate to increase the insurer's limit of liability.

- Provide a Waiver of Subrogation in favor of the City of Denton, its officials, agents, employees, and volunteers.
- Cancellation: City requires 30 day written notice should any of the policies described on the certificate be cancelled before the expiration date.
- Should any of the required insurance be provided under a claims-made form,
 Contractor shall maintain such coverage continuously throughout the term of
 this contract and, without lapse, for a period of three years beyond the contract
 expiration, such that occurrences arising during the contract term which give
 rise to claims made after expiration of the contract shall be covered.
- Should any of the required insurance be provided under a form of coverage that
 includes a general annual aggregate limit providing for claims investigation or
 legal defense costs to be included in the general annual aggregate limit, the
 Contractor shall either double the occurrence limits or obtain Owners and
 Contractors Protective Liability Insurance.
- Should any required insurance lapse during the contract term, requests for payments originating after such lapse shall not be processed until the City receives satisfactory evidence of reinstated coverage as required by this contract, effective as of the lapse date. If insurance is not reinstated, City may, at its sole option, terminate this agreement effective on the date of the lapse.

Scope of Work

Phase 2: Procurement Support

Specifications Development

MCP has extensive experience in conducting public safety requirements analysis, developing procurement specifications and supporting the procurement process. Specification development is a critical component to a project of this nature. It is imperative the specifications be requirements based with quantifiable metrics and milestones established for the system vendor. The requirements should be crafted based on the results of the needs assessment for ensuring the new system truly meets the users' needs. MCP will facilitate meetings with public safety user groups to define user needs and expectations.

MCP will provide the City's Purchasing Department with a functional requirement document for the procurement of various components of the radio system. We encourage the procurement process to be developed in a manner that supports the flexibility to purchase, manage and install individual systems and components that complement one another. Specifically, MCP anticipates developing individual requirement packages for the procurement of the radio infrastructure upgrades at the two tower sites, an MCC7500 dispatch radio console system, microwave backhaul to the Teasley site, and mobile and portable subscriber units for Denton Municipal Electric (DME).

MCP will work with the City's IT and Purchasing staff to develop complete and comprehensive documents which will include all technical, functional and performance requirements of user agencies. Our process to develop specification documents is adaptive to the specific requirements of the City's Purchasing Department.

Procurement Support

Once the Technical Specifications are approved by the City's IT and Purchasing staff, MCP will provide support and consultation throughout the procurement process. Our team will be responsible for the following aspects of the solicitation:

- Pre-proposal conference
 - MCP will provide technical support to the City's Information Technology (IT) and Purchasing Departments during the development and facilitation of a vendor pre-proposal conference. The conference will include an overview presentation of the desired solutions and will provide the vendor with the opportunity to tour tower sites and ask additional questions.
- Vendor questions
 - MCP will provide technical support to the City's IT and Purchasing Departments and assist in the evaluation of questions and the preparation of written response to questions that are submitted by the vendor.

Vendor Proposal Evaluation

MCP will provide support to the City's throughout the proposal evaluation process. MCP will assist the City's IT and Purchasing staff in the development of criteria for the evaluation of the vendor's

response. MCP will support and assist the City's IT and Purchasing staff throughout the proposal evaluation process. Working with City's IT and Purchasing staff, the vendor will be encouraged to revise designs and scope of work statements. The revised documents will be used during contract negotiations with the selected vendor.

Contract Negotiations

MCP will support and assist the City's IT and Purchasing staff during on-site negotiation meetings with the vendor. MCP staff have years of collective experience negotiating the procurement of public safety radio systems. This experience has led to an exhaustive database of similar procurements and their resulting costs, as well as costs for individual components of the networks. By using this database of nationwide pricing, MCP will support the City during the negotiate with the vendor to achieve a system design which fulfills your performance requirements, while being assured of the most competitive pricing. MCP will participate in meetings in person and by teleconference as necessary.
